APPLICATIONS DEVELOPED

GamesFerret - A Mobile Game Finding Utility

[LIVE](#) - [GITHUB](#)

- ❑ Used **React.js**, **Redux.js**, and **Axios** to build a multi-layer **api** call system to populate data into the various states of the app.
- ❑ Used **Flexbox** and **Bootstrap** to create responsive and fluid layout.
- ❑ Product owner and team leader for mobile focused application, which required extensive research, constant problem solving, use of **Agile** planning methodologies, and **Git/Github** version control.
- ❑ Project utilized **React.js**, **Redux.js**, **PHP**, **MySQL**, **APIs** and various React libraries.

The World Needs Heroes - A Hero Driven Card Match Game

[LIVE](#) - [GITHUB](#)

- ❑ Using vanilla **Javascript** and **JQuery**, created multiple components to randomly assign heroes to locations, and give them special interactions triggered by the user.
- ❑ Used **CSS Grid** to make a responsive layout.
- ❑ Stored game data in central objects, allowing for additional expansion to game as well as the hero roster and mechanics.

Student Grade Table - Grade Tracking Application

[LIVE](#) - [GITHUB](#)

- ❑ With **Javascript** and **JQuery**, assembled grade table to track students, grades, and courses.
- ❑ Used **Materialize CSS** to develop a responsive layout combining the grade table and student addition form.
- ❑ Stored student data in **Firebase** with **Cloud Firestore** and implemented sorting and CRUD operations.

PROFESSIONAL EXPERIENCE

Project Manager - Web Advanced - 2015-2018

- ❑ Led multiple large scale and high level website redesign projects simultaneously.
- ❑ Worked directly in development on several **Wordpress** projects, using additional **CSS/HTML**.
- ❑ Created many new processes used for project management.
- ❑ Helped set up and administrate **JIRA** for company usage.

Project Coordinator - inhouseIT - 2014-2015

- ❑ Coordinated with vendors to schedule client internet service and hardware installations.
- ❑ Developed new **ConnectWise** tracking and reporting processes for the company.

Office Manager - Rock Solid Technology Solutions - 2007-2012

- ❑ Interfaced directly with technical teams to manage **ConnectWise** system ticket completion and client satisfaction.

EDUCATION

LearningFuze Web
Development Program

Ventura College, Ventura -
*Associate Of Arts In General
Studies*

TECHNICAL SKILLS

Strong

JavaScript: ES5, ES6
React.js/Redux.js
Firebase/Firestore
jQuery
AJAX
Axios
HTML5/CSS3
MaterializeCSS
Bootstrap
Flexbox
Photoshop
Git
Agile
UI/UX
WordPress

Experienced

PHP
MySQL
